## THE COMMUNIST THREAT TO AMERICA

### REDS DEFEND ROSENBERG

By Major Robert H. Williams

The time has come when we must accept this kind of activity—the promotion of a vicious

Communist front—for what it is a vital weapon in the Communist world revolution. The appointment of one of the principal personalities in this front to the position of Assistant Secretary of Defense knifes in the back every anti-Communist soldier in Korea.

Mrs. Rosenberg's Communist-aiding friends betray her by coming to her defense. One is Senator Herbert H. Lehman, of "the secret government of the United States," supporter of Marxist measures, international Jewish banker who defended Alger Hiss and arranged with his (Lehman's) niece, Mrs. Benjamin Bittenwieser, to shelter Mr. and Mrs. Hiss in her home during the second Hiss trial. Senator Lehman sat beside Mrs. Rosenberg as the Senate committee questioned her, his purpose presumably being to soften the questioning by his presence.

The New York Post, Communist-aiding "anti-anti-Communist" daily newspaper, bannered across page 2 of its Dec. 14 issue: ANTI-SEMITIC 'HATE SHEETS' SPAWN ROSENBERG RED LIE. Following the usual Communist tactics of trying to deny Americans the right to defend their country against Communism and Zionism by denouncing them as anti-Semitic, the article began: "The nation's anti-Semitic 'hate sheets' were revealed today as being behind the attempt to block Senate confirmation of Mrs. Anna M. Rosenberg as Assistant Secretary of Defense by pinning a 'Communist' label on her." The Post ran a photograph of the front page headlines of Common Sense, anti-Communist paper of Union, N. J., and a photograph of the upper part of page 1 of my December issue exposing Mrs. Rosenberg, and devoted over half a column to quoting and maligning my article and me.

Among other things the Post libeled me by saying that the Anti-Defamation League described me as "one of the most vicious anti-Semites in the country" and further libeled me by repeating the false statement that my publication is listed by the American Legion in its "Exposure of Hate Groups."

#### DON'T DENY CHARGES

The "Exposure" leaflet which is circulated by Communist-aiding groups (the real hate groups) including the Anti-Defamation League, quotes from the Congressional Record which falsely attributes the material to the Americanism Commission of the Illinois Department, American Legion. I reported in my January, 1950, issue, page 4, that the material was only a smear article got up by left wingers to which

Harry Hopkins. How did he first come to the White House? Here is how we understand it. A professor at Grinnell College in Iowa where Hopkins had graduated gave Hopkins a letter to Anna M. Rosenberg and she introduced him to Eleanor Roosevelt. Eleanor took Hopkins to F.D.R. and later Hopkins moved into the White House to live and direct for the Anna M. Rosenberg crowd.

It was through Harry Hopkins that most of the trickery was used to maneuver the U.S. in World War II. F.D.R. sent Hopkins to make the important contacts with Stalin which gave Communist Soviet Union eleven Billion dollars of our assets by lend lease which they still owe us. Hopkins was director of lend lease and it was he who said "Tax, Spend, and Elect." He also made the statement several times that "the people are too damn dumb to understand." It was Anna M. Rosenberg's pal, Harry Hopkins whom Major Racey Jordan exposed as giving orders during the war for clearance for the Communists to take top Atomic Secrets to Russia. Major Racey Jordan had confiscated 30 suit cases of secret papers taken from our government files. The Communist Col. Kotiko called Hopkins on the phone at the White House in Washington and spoke in Russian to Hopkins. Hopkins then ordered Major Racey Jordan to release the plane load of secret papers at Great Falls Montana and not to mention the incident to Jordan's superior officers.

Hopkins died during 1946 but now Anna M. Rosenberg is in complete charge of our Defense Department. WHEN WILL WE WAKE UP?

By The Honorable Martin Dies (Democrat)

(Editor's Note: The following condensation of a speech made by the former Member of Congress from Texas at Galveston, Texas, 1948, is being printed now because it so graphically shows the trap into which Roosevelt led us.)

Christian civilization is more gravely menaced throughout the world today than ever before in history. At long last, many of our people realize that fact. Unfortunately, however, they realize it imperfectly and incompletely. There are still millions of people in the United States who have no conception of the methods, tactics, and purposes of communism.

It has been a short time since World War II was over. You recall that when we asked our boys to serve in our armed forces that the President of the United States and other leaders assured them that this was a war to end all wars. We were told that if and when we defeated Adolph Hitler, we would establish a just and lasting peace.

Today the dictatorship of Joseph Stalin is a greater menace to our security and to our freedom than ever was the dictatorship of Adolph Hitler. Hitler occupied a country with 70 millions of people, limited in natural resources. Joseph Stalin has a country with a territory larger than the United States and Canada, with more natural resources than any country on earth, and 200 million people. He has succeeded, without firing a gun, acquiring 650 thousand square miles and 110 million subject people. Certainly there ought to be some people in America that are deeply interested in finding out what happened, because never in the history of the world has one country made such tremendous strides toward world domination as the Soviet Union.

Only a few years ago, Russia was looked upon as a third-rate power. Today, all of us must concede that Russia is the most powerful country on earth. How did that happen? I propose to answer that question. And in answering it, I am going to tell you some of the intimate details of conversations and conferences between me and President Roosevelt, Henry Wallace, Madam Perkins, Eleanor Roosevelt, John L. Lewis, and others.

It all began in 1938. I was a member of the Immigration Committee and also a member of the Committee on Rules of the House of Representatives. I became intensely interested in communist infiltration of labor unions, and in government service. I decided the time was appropriate to investigate and expose communists' activities in the United States. So I introduced a resolution and the Committee on Rules approved it and the House of Representatives, on May 26, 1938, established the Committee.

Immediately after the Committee was established, I encountered strenuous opposition. When I went to the Committee on Accounts to secure an appropriation to finance the work of the Committee, I found that the Democratic members were hostile to every suggestion that I made. They finally, upon instructions from the White House, reduced the requested budget from 100 thousand dollars to 25 thousand dollars. I began the work with the paltry sum of 25 thousand dollars.

# THE COMMUNIST THREAT TO AMERICA

(Continued from Page 1)

I recall that my uncle, Jack Dies, who was then with the Humble Oil Refining Company, and is now dead, came to Washington and I discussed it with him. He said, "Martin, you know I hate to advise you to abandon this project, but I have seen enough to know that you are now preparing to antagonize powerful forces in this country and that you will be harassed as few men have been harassed in this country."

Well, I had started it and I cannot back up. I telephoned the Attorney General of the United States and said, "Mr. Attorney General, I want to secure the services of some competent and reliable investigators to assist me in this work." He sent me two men. I received a telephone call, however, an anonymous call, shortly before their arrival, telling me both men were members of the Communist Party. I never knew who gave me that valuable information, but I acted upon it.

When they arrived, I began to question them. I put them through the third degree, in the presence of the entire Committee, and finally they admitted that they were members of the Communist Party who worked for the Department of Justice and the Attorney General wanted to plant them on the Committee which I headed.

Immediately I knew what was in store for me. When a responsible cabinet officer was willing to plant two eagles of Moscow on my Committee to sabotage it, I knew that the Administration was under the control of Moscow propaganda.

Then I began to accumulate evidence before opening public hearings, and I got a lot of evidence about the infiltration of the C.I.O. by communist leadership. I was able to trace a number of communists, who went to Leningrad, at the expense of the Moscow government, and received special instructions in labor agitation and returned to the United States. When John L. Lewis broke from the American Federation of Labor, he turned to these well trained communist agitators to form the rank and file of his organizers throughout the industrial field. I got their names and the evidence, which was clear and convincing, showing that some 50 thousand of them had joined the labor unions to seize strategic positions in the union. They controlled 21 of the international unions affiliated with the C.I.O. Eighteen members of the Executive Board of the C.I.O., the governing board, the most powerful organization within the C.I.O., were members of the Communist Party.

Unions such as the Seaman's Union and the Maritime Union, which control the American shipping, unions that vitally affect our whole economy and security were under the control of men and women who had been trained and educated in Leningrad for the express purpose of returning to the United States, obtaining positions of importance, so that they could promote the ideology and revolutionary program of Joseph Stalin.

When I got that information, I telephoned John L. Lewis and told him I wanted to talk with him. I went to his office the following day at ten o'clock. I walked in and Lee Pressman stood to his right with some of the lieutenants of John L. Lewis in attendance. I knew that Pressman personally was a member of the Communist Party. He was the Chief Attorney for John L. Lewis. I said, "Mr. Lewis, I have received considerable information from reliable sources that many communists have entered your union. They are shop stewards, presidents of local unions, organizers, and so forth. It is our duty to investigate and expose them. I have come to you to find out if you, as an American citizen and labor leader, will be willing to cooperate with the Committee without publicity to the end that these agents and stooges of a foreign dictator can be expelled from their positions of leadership."

Mr. Lewis became very angry. His face was flushed. He struck the desk with his fist and said to me, "Mr. Congressman, the C.I.O. does not need you to tell us how to run it. Yes, we have communists in the C.I.O. We have Baptists, we have Methodists, and have Democrats and Republicans, but we don't need a Committee of Congress to tell us who we are to hire and fire."

I said to Mr. Lewis and his lieutenants, "Mr. Lewis, you have evidently overlooked the vast distinction between ordinary members of political groups and communist eagles of a foreign power. All of the evidence, without exception, shows that communists are disciplined to be servants of Moscow. They have no independence; they sacrifice their citizenship when they become members of the Communist Party, and surely

you will not compel us to openly and publicly expose these people when you could get rid of them. We have their names and you can get them out."

The conversation grew hot and furious and finally Mr. Lewis invited me to leave the office, which I cheerfully did. I announced through the press that I intended next morning to open hearings and give the American people the truth.

I received a telephone call from President Roosevelt who asked me to come to the White House at ten o'clock the next morning. I went to the White House. Senator Sheppard was there. Evidently the President thought Senator Sheppard might influence me. The President then began in his magnificent way to undertake to persuade me to abandon my resolution to expose communism in the C.I.O. He said to me, "You know, Martin, I have been watching you for a long time. You have a promising future. You are an able speaker and a young man and I want vigorous able, young men in the New Deal, and you can go a long way working with me." He continued "You have got to be loyal to me. I can't work with men that I can't depend upon. You can't go through with this investigation." And I said "Why can't I go through with it, Mr. President?" Of course, I was somewhat weakened, to tell the truth. It sounded awfully good to me, what he was telling me, and being human, I am not going to represent myself as any hero because I wasn't. I was just plain scared.

He said, "Well, if you expose the communists in the C.I.O., the C.I.O. will turn against the Democratic Party. If we lose the C.I.O. support in the eastern states we cannot win." "Well," I said, "Mr. President, do you mean to imply that the communists have so completely taken over the C.I.O. that exposure of them will result in antagonism to the Democratic Party?" He said, "Yes."

Well, one thing led to another, and finally the President became somewhat impatient and angry with me. He turned to Senator Sheppard and said "Senator, what are we going to do with Martin?" Senator Sheppard was a very genial, pleasant man and a good friend of mine. He said, "I don't know. I knew his dad, and when one of these Dies makes up his mind to do something, he usually does it. I am afraid you are going to have trouble in persuading him not to do it."

The interview lasted about 45 or 50 minutes. Finally, I looked at the watch and said, "Mr. President, I have to go because the Committee meets and I have to be there to open." And I began the hearing, exposing the C.I.O., and showing very clearly that a majority of the unions were dominated and controlled by Moscow. Then began the fight.

I recall for instance, that a man by the name of General Sevinsky, a very able young man who had served with Stalin for a long time, had become disgusted with the brutality of the communist practice and had fled to the United States. I discovered his whereabouts and went to see him. He told me an amazing story of what Stalin had told him a long time ago, about the plan to infiltrate the Balkan states, to build secret armies in every country, to spend millions of dollars for propaganda purposes. He told me the ultimate goal of Stalin was the conquest of Europe and then the conquest of the Americas.

I said to him, "Why don't you come to Washington and testify? The American people ought to have that information." He said, "Mr. Congressman, if I were to come to Washington and testify and if they discovered my identity, the OGPU which is now the NKVD, the secret army of the Politico Bureau, would assassinate me in two days."

I said, "Surely they are not that powerful in the United States." I was very skeptical about it. He said, "Mr. Congressman, I was chief of the Western Division of the Soviet Intelligence and I know that there isn't a country, there isn't a town of industrial importance that members of the OGPU are not there listening, getting and using information and transmitting it to the Soviet Union. They have their agents in the Embassies—even the ambassadors do not know the members of the OGPU."

I talked to him at some length and finally, upon the promise that I would protect him and conceal his identity, he agreed to testify.

I called up the Secret Service and I said, "I am undertaking a rather perilous thing. This man is fearful of his life." I undertook to get a commitment from the government that they would help me protect him, but the government didn't want him to testify. He did testify. His

name was not given then to the press. Within two weeks after his startling revelations, which predicted almost one hundred percent accurately the progress the Kremlin has made within the last two years, within two weeks after his testimony, he was found shot in his hotel room in Washington, D.C. Not one arm was raised by the Federal Government to discover, and apprehend the man or men responsible for his death.

Another former agent of the Soviet Union, in New York, was persuaded to testify. Shortly after his testimony, he was found dead. They said it was a heart attack. I demanded another examination and discovered that he had been shot with a fine steel bullet through the eye which had entered his brain and brought about his death.

Still another man who testified before our Committee in Chicago was mysteriously run down by a hit-and-run driver.

I say these things to show you what happened in the United States and which resulted in the sacrifice of the fruits of victory won by our boys on the battlefields. I am at a loss to understand why men in public affairs are not now clamoring for publication of the secret agreements made with Joseph Stalin by our government. I have been amazed that people have received with such indifference and unconcern the startling revelation that ALL OF THE MEN FOUGHT AND DIED IN VAIN BECAUSE THEY WERE BETRAYED.

They were betrayed because the Soviet Union built up in this country the greatest propaganda machine the world has ever seen. They spent millions of dollars to entertain congressmen and senators and cabinet officers. The brother-in-law of Molotov, operating a chain of filling stations in New Jersey, was investigated by our Committee. We trailed him for a long time. We discovered he visited a certain banker in New York and that after each visit to that bank, he was able to bribe some official. Finally, we met him there one day when he opened a safety deposit box and we discovered 250 thousand dollars in thousand-dollar and hundred-dollar bills in his box. We brought him before the Committee. He admitted that his brother-in-law, Molotov, had given him a credit of 200 million dollars to be spent in the United States, in order to obtain information about the construction of battleships. The government of the United States never raised a finger against him although he admitted that five national committeemen of the Democratic Party had been paid cash by him. That was a matter of record, and they did not deny it or contest it, but said it represented legal fees.

Think of it! Think of the stupidity and indifference of a country when a foreign power can spend American money to bribe our own officials. The facts are admitted, and no one has any interest in it.

Yes, they spent money and they spent it lavishly in the United States. The Soviet Embassy in Washington operated on a 24-hour schedule, and they were able to dupe, to completely dupe such nitwits as Henry Wallace and Claude Pepper.

I shall not give you anything which is the result of surmise or opinion, but information that I know to be correct. I had agents watching the Soviet Embassy day in and day out, and I noted the presence of so-called liberal New Dealers who were present there day in and day out, completely duped by Stalin and his machine. Yes, you know how it is—the caviar and champagne that flowed in the Soviet embassy had a profound effect on some of our budding statesmen.

Whenever Henry Wallace spoke in Madison Square Garden, the communists packed it. When I spoke in Madison Square Garden, they booed and jeered and it required almost the entire police force of New York to maintain order. The communists work at their business of revolutionizing the world, of spreading their ideology while we sit idly by.

# One World Resolution Repudiated

TO FELLOW AMERICAN PATRIOTS  
IN OTHER PENDING STATES:

Whether your job is to have your legislature rescind any previously passed world-government resolution or to oppose any proposed new ones, **THIS LADY IN TENNESSEE AND HER 3000 PATRIOTIC WOMEN** demonstrate how IT CAN BE DONE.

This writer doubted this success in Tennessee—it has been so infested with ONE WORLDERS on a national level. (Read Joseph Kamp's book "We Must Abolish The United States") This makes eight states to rescind and others coming.

For your information I am attaching hereto a copy of the resolution presented by Mrs. Carter. It is the most warming expression of AMERICANISM, sincere and straightforward common sense thinking of any resolution I have seen. If you are involved in one-worldism in your state—use it and if not, absorb it—it's factual and so patriotically expressive.

Sincerely,  
Arthur E. Case

"My dear Mr. Case:

Certainly you should know (perhaps do) that we tore Tennessee from her shackles and she's safely home—however we are informed "the boys will keep working."

Am enclosing the name of the Senator from my home town (John R. Long, Jr.) whom I chose to present our bill; only one negative vote in the Senate by roll call.

The House had "no and I" vote. We think four nos—but — professor and their friends had paid workers—but the D.A.R. stepped out alone; only my letter resolution and your pamphlet placed on the desk of each senator and representative—33 & 99, a few hours before presentation, prayer and planned work did the job. I'm going to Florida for a rest now—thank you for your great help.

"MRS. CARTER OPPOSES FEDERATION"

"While the General Assembly was plowing through a heavy order of local bills, Senator Long introduced a resolution calling for repudiation of a 1945 resolution approving the principles of World Federation. It passed the Senate by a vote of 27 to 1.

"The resolution which called for opposition to the bills of World Federation was guided through by Mrs. Ferd M. Carter of Springfield, chairman of national defense for the Daughters of the American Revolution. Her resolution read to the Senate:

"The enclosed resolution was adopted by the Tennessee Society of the Daughters of the American Revolution at their annual state conference, March 17, 1950. There is, as you know, fantastic schemes of a World Government being forced upon us by the same elements which have supported communism and other ideologies. These skilled intellectuals know that the magical word Peace is in the heart of every true American. Wearing a cloak of peace, they tell us the only avenue for peace is a Federated or World Government. There are more than 30 groups propagandising Americans through this alluring term. Peace—but the echo comes—there is no peace.

Peace on Earth, Good Will Toward Men burst forth on the Judean hills long ago, but the peace offered is not Good Will Toward Men, nor is it Americanism. Unmasked it is communism, merciless, militant and un-Christian.

In 1945 their scheme led the General Assembly of Tennessee to ask Congress for a form of World Government. If 36 states call for World Government, then Congress is thereby mandated to call a Constitutional Convention for the purpose of involving (turning over our affairs and all) this nation in a world government

which will be dominated by representatives of other nations, thus causing this nation to lose its sovereignty and freedom. How will we thus account to the sons and daughters who fought and died to preserve this freedom?

Are you willing to scrap our Navy and Air Force for a world army commanded by foreigners? They would be supreme over our affairs with authority to touch each individual. Are you willing to compete with cheap foreign labor and lose your standard of living? Would you substitute Russian slavery for America's freedom?

Is this the freedom that we bought, to live, be ruled and spurred to hate and fear by peoples that cower, kill and rage?

America has been a light for Christian religion. Do you want that light extinguished? When the light goes out in America it will go out all over the world.

Six states that had petitions for World Government have rescinded their resolutions. More than three thousand Tennessee Daughters of the American Revolution beg you to rescind those resolutions, and place Tennessee back home on her pillow of Freedom that her sons and daughters may be rocked to sleep in Peace in her arms. I appeal to your citizenship—Keep the light of Liberty ablaze on our own hearth stone."

Gratefully,

## AN OPEN LETTER

Senator Richard B. Russell,  
Senate Office Building,  
Washington, D. C.  
Dear Senator Russell:

From the reports that we have been getting through the radio and newspapers regarding perjury charges against those testifying in the case of Mrs. Anna M. Rosenberg, we would suggest that the Senate be very cautious to be drawn into the matter of perjury charges against citizens who participated in giving information to the Senate Committee they thought might help the Senate to uncover the red background of Anna Rosenberg. We hope that you will be wise in your decision because such a move would detract you from your important duties in the Senate. This is an old Commie game—to take the heat off the enemy and the important issue. For example. Several members of our organization witnessed the hearings on the David Lillienthal Atomic Energy Committee case. When Mr. Lillienthal appeared before the Committee, the cameramen kept flashing the cameras with blinding lights at the listeners to detract their minds from what Lillienthal was saying.

We hope what is being set up in Washington will not be another case of confusion like the so-called Sedition Trials which was an act of infamy against American citizens who were critical of the New Deal exploitation of America. While Nero fiddled, Rome burned and that while you are busy prosecuting American citizens, the Reds will take us over here.

The fact that Mrs. Rosenberg was confirmed on her record as a New Deal appointee, are we to conclude that these are to be the future qualifications for anyone seeking office in the employ of the United States Government? Will anyone who has become suspect for their red affiliation be recommended as being 100% American? We are inquiring citizens, my dear Senator, and any information that you can give us along these lines will enable us to see the problem more clearly. We have been working in the field of anti-Communism for over twenty years and every day for the last fifteen of those twenty years, we have been more firmly convinced that Communism is 100% a JEWISH INSPIRED MOVEMENT. Let the chips fall where they may!

May we hear from you?

Cordially,  
NATIONAL BLUE STAR MOTHERS  
OF AMERICA,  
Philadelphia, Pa.

### GREECE TO RELEASE 20 COMMUNIST JEWS

Twenty Greek Jewish Communists who were convicted two years ago on charges of treason, are to be released by the Greek government on condition that they leave the country it was reported recently in the London Jewish Chronicle.

Three women are included in the group which was originally sentenced to death by a Greek military court. Visas for the twenty have been issued by the Israel consulate in Athens.

## OF THIS YOU CAN BE SURE!

"Israel will not lend its hand to any active aggression under any pretext whatsoever," declared Prime Minister David Ben Gurion in a major policy speech to the Knesset in Jerusalem.

The above appeared under the heading "Israel Will Shun Political Ties That May Lead To War" in the Jewish Examiner January 12, 1951. Yes, my friends, you can be sure Israel will not become involved in any war. They will continue, as they have done through the ages, to instigate, promote, and finance wars of Christian nations all over the world until every last drop of Christian blood is spent. They will direct the wars from the background, and like Nero, will fiddle, while Christianity destroys itself.

### PATRIOT'S PLEDGE

I Believe that my personal liberty is in danger.

I believe that the time has come for a personal rededication to unselfish citizenship.

I believe that as citizens we are being bought and seduced by federal government funds and favors.

I believe the politicians who promise the people doles for votes are false prophets and enemies of freedom.

I believe that those who corrupt self-reliance with government gifts are our most dangerous friends.

I believe that opportunity is more important than security.

I believe that the "welfare state" will lead us into socialism, and maybe communism.

I believe that the nation's first line of defense is a sound, solvent economy at home.

I believe that federal government spending, if continued at the present rate, will bring political chaos through bankruptcy.

I believe that you cannot accept government money without government dictation.

I believe that accepting government aid is like taking drugs — pleasant at first, habit-forming later, damning at last.

I believe that the expression "It's going to be spent, so I might as well get mine," is unpatriotic.

I believe that the only way to stop government extravagance is for each one of us to give up his own pet project for government aid.

I believe that it is my personal duty to oppose any man who tries to prostitute patriotism with government gifts.

I believe that I owe it to myself to determine the effect of each new government proposal upon my personal freedom.

"We Jews, we, the destroyers, will remain the destroyers forever. Nothing that you do will meet our needs and demands. We will destroy because we need a world of our own."  
—The Jew, Maurice Samuel, in his book "You Gentiles," page 155.

Abraham Lincoln said:

"There is one important sense in which the Government is distinct from the Administration. One is perpetual; the other temporary and changeable. A man may be loyal to his Government and yet oppose the peculiar principles and methods of the Administration."

# REDS DEFEND ROSENBERG

(Continued from Page 1)

a left wing infiltrator, Elliodor Libonati, who had managed to become chairman of the Illinois Department Americanism Commission, lent his title without authorization. The smear article, far from having been indorsed by any American Legion Body, has been denounced and repudiated by many of my fellow Legionnaires.

It is significant, and typical of the Communist and the fellow-traveler press, that the New York Post made not a single attempt to deny the charges we made against Mrs. Rosenberg, but instead, attacked and attempted to discredit those of us who made the charges. Not once in the page-long article did the editors so much as bring up the question of Mrs. Rosenberg's guilt or innocence.

The principal owner of the New York Post which thus rushed to the defense of Mrs. Rosenberg is Dorothy Schiff, granddaughter of the late Jacob Schiff of New York. Mr. Schiff was head of Kuhn, Loeb & Co. He was the international Jewish banker who financed (to the extent of some \$20,000,000) the Bolshevik revolutionaries including Lenin, Trotsky and Stalin, to power over the Russian people.

We would like to know how Dorothy Schiff will square her position with loyalty to the United States when the hour of reckoning comes. But more immediately, we would like to ask why her New York Post and other Communist-aiding papers have fought so bitterly to protect Anna M. Rosenberg in the new position of power over our people? Think that through.

Mrs. Rosenberg, in her new job, is virtually a dictator over civilian personnel and labor for the defense establishment.

Already it is reported that some of the personnel Mrs. Rosenberg is planting in important positions in the Pentagon and elsewhere are of questionable background or known left wingers. And already we see, too, the beginning of the expected demand that the President establish another war-time FEPC to force employers to hire so many Negroes, so many Jews, so many of the various minority races. The National Negro Council was inspired to demand, Dec. 30, 1950, that the President establish a committee of governors in the industrial states for the implementation of a plan for the integration of Negroes in mobilization industries . . . Purpose of the plan is to make available to war industries some 1,500,000 Negroes. "This is nothing less than a renewal of the Communist-Zionist inspired movement to shift millions of Negroes from the farms of the Old South, where they cannot be regimented, into the industrial cities, where they immediately fall under a Communist propaganda whip and are to be used as shock troops to help capture our cities for the Reds—a move which means only disaster to both the misguided Negroes and the unsuspecting, tolerant Whites.

Anna Rosenberg, with Sidney Hillman, was an inspirer and supporter of the same kind of operation during the recent world war, and her record leaves us no room to doubt that she has plans for greater use of the dark races this time, in advancing the revolution.

Mrs. Rosenberg told the Senate committee she was anti-Communist. We will be the first to welcome her to the columns of anti-Communists if she means what she says. She can prove it without the slightest difficulty, and this publication will be most happy to allow her adequate space in which to prove her anti-Communism.

She has only to take a firm stand for pro-American policies and against Communist policies. We will be satisfied with her anti-Communist statements if she will:

1. Demand immediate and full scale co-operation with the two great anti-Communist leaders, Franco of Spain and Chiang Kai Shek of Nationalist China.

2. The outlawing of the Communist Party and the Anti-Defamation League of B'nai B'rith and the arrest of all its principal agents, including the rooting out of all Frankfurter agents from government offices.

It is up to Mrs. Rosenberg. I invite her to make use of these pages to leave no slight doubt whatsoever that she—the second highest defense officer in the United States—is pro-American and anti-Communist.

It does seem, meanwhile, that the Senate acted rashly in approving the appointment of one whose whole known career has been de-

voted to Zionist and related left wing operations.

Why confirm a woman who advocates the policies for which we must impeach the President? Hasn't the Senate committee yet seen that the New Deal itself is a Communist front, a "peoples government," all but ready for final seizure by the Reds planted everywhere in key positions? We may forget about the John Reed Clubs and Communist Party membership if we look for the Red inside the individual. All who advocate the policies which have led us to the verge of a Communist state must be swept out of positions of influence, or we lose.

## Examine Your Conscience

"All that is necessary for the triumph of evil is that good men do nothing."

— Edmund Burke

What have you done to help expose and stop the traitors who are conspiring, wittingly or unwittingly, to abolish our constitution, our congress, and our liberties?

Five years ago, when we started this paper, many people remarked that there was "nothing to get excited about." Marxism or Communism would never be a threat to America. Today, some of those same people say: "It has gone too far. We can never save ourselves from Communism."

What do they mean . . . we? They have never done anything to support the few of us who had looked ahead, closed our businesses, and put all money we had and full time into the task of trying to educate the people. Had they helped, Communism would have been ended in the U.S. and Common Sense disbanded.

During the five years Common Sense has been published at least 15 other small, patriotic publications have been started in the U.S. to keep people informed; practically all of them have been forced to quit. Common Sense has held on, growing steadily in the number of readers, but always curtailing our work for lack of funds. Of the ten who give all or most of their time only three are paid anything at all. Some of us have sacrificed beyond reason.

With 18 years of research behind us we can say, without the least fear of successful contradiction, that opposing Communism without exposing the Zionists who direct Communism, is energy almost completely wasted. Zionists themselves are willing to mildly condemn "Communism" if it will divert suspicion from the Marxist Jews.

The U.S. today is under Zionist rule with Christians as fronts where it suits the Zionist purpose.

They work the same plan in the corruption and bribery of basketball, baseball, boxing and smuggling gold and diamonds. Look into every case during the past ten years and, in every one, it is the Jew at the bottom.

The recent case of bribery in the New York Police Department, in which several hundred police and high officers are involved (and the Chief of Police resigned) was engineered by two Yiddish Marxists.

The decent Jew who holds only allegiance for America should speak up quickly against these international, political Zionist Jews.

Zionists believe that nearly every Christian can be bought, or framed, into fronting for them and this system, operated by International Zionists, has brought our Country to the critical situation it now faces.

Even at this late date the tide could be turned, but it takes knowledge, courage, and money.

In 1952, when it is fully realized there will be no presidential election and the Hudson River is red from slaughter, only then will wealthy people wake up to the fact that their money is worthless. Then they will regret that they did not spend half their money to save the other half, and their freedom. This is what some of the best informed believe will be the situation if the Marxist crowd is not removed from Washington before we are all regimented and shackled.

Our advice to those who are not now helping in any way to save the U.S. from complete regimentation by Communism is This: Help in some way.

If you have already decided to help with a certain amount of money during 1951, put it all in during the next three months. It is not likely that any anti-Communist movement will be able to use your money after that time.

Is it that bad? If you don't know, we suggest that you drop everything and find out the facts from those who really know. During the last ten years the editor has been wrong on only one major, Marxist-inspired move in the world.

# Reds Plot New War Against Catholic Church

Karl H. Von Wiegand, Dean of American Foreign Correspondents, who writes expressly for the Hearst newspapers, states in his January 27th column from Madrid that Moscow is declaring a new church war.

Von Wiegand writes: "A new Red war against the Catholic Church is forecast in a declaration drawn up at a recent Cominform conference in Moscow. This statement is alleged to say, in part:

*The Catholic Church is the greatest danger to Communism. The Vatican controls the most dangerous network of spies who receive annually \$5,000,000 from the United States for their espionage in eastern territories. If it were possible to seize central nucleus of the Catholic organization—the Pope and the Cardinals—the greatest service would be done to Communism."*

Rabbi David Kimchi has written as follows in Obadiah:

*"What the Prophets foretold about the destruction Edom in the last days was intended for Rome, as Isaiah explains (ch. 34,1): Come near, ye nations, to hear . . . For when Rome is destroyed, Israel shall be redeemed."*

Rabbi Abraham also, in his book Tseror Hammer, section Schoftim, says the same: "Immediately after Rome is destroyed we shall be redeemed."

"One of the finest things ever done by the mob was the crucifixion of Christ. Intellectually it was a splendid gesture. But trust the mob to bungle. If I'd had charge of executing Christ I'd have handled it differently. You see, what I'd have done was had him shipped to Rome and fed to the lions. They never could have made a saviour out of mincemeat."

—Ben Hecht, Zionist Writer in Hollywood. p. 20 "A Jew in Love."
